Subpart E—Wind and Solar Resource Leases

SOURCE: 77 FR 72494, Dec. 5, 2012, unless otherwise noted.

GENERAL PROVISIONS APPLICABLE TO WEELS AND WSR LEASES

§ 162.501 What types of leases does this subpart cover?

(a) This subpart covers:

(1) Wind energy evaluation leases (WEELs), which are short-term leases that authorize possession of Indian land for the purpose of installing, operating, and maintaining instrumentation, and associated infrastructure, such as meteorological towers, to evaluate wind resources for electricity generation; and

(2) Wind and solar resource (WSR) leases, which are leases that authorize possession of Indian land for the purpose of installing, operating, and maintaining instrumentation, facilities, and associated infrastructure, such as wind turbines and solar panels, to harness wind and/or solar energy to generate and supply electricity:

(i) For resale on a for-profit or non-profit basis;

(ii) To a utility grid serving the public generally; or

(iii) To users within the local community (e.g., on and adjacent to a reservation).

(b) If the generation of electricity is solely to support a use approved under subpart B, Agricultural Leases; subpart C, Residential Leases; or subpart D Business Leases (including religious, educational, recreational, cultural, or other public purposes), for the same parcel of land, then the installation, operation, and maintenance of instrumentation, facilities, and associated infrastructure are governed by subpart B, C, or D, as appropriate.

§ 162.502 Who must obtain a WEEL or WSR lease?

(a) Anyone seeking to possess Indian land to conduct activities associated with the evaluation of wind resources must obtain a WEEL, except that a WEEL is not required if use or possession of the Indian land to conduct wind energy evaluation activities is authorized:

(1) Under § 162.005(b);

(2) By a permit from the Indian landowners under § 162.007; or

(3) By a tribe on its land under 25 U.S.C. 81.

(b) Except as provided in §§ 162.005(b), 162.501, and paragraph (c) of this section, anyone seeking to possess Indian land to conduct activities associated with the development of wind and/or solar resources must obtain a WSR lease.

(c) A tribe that conducts wind and solar resource activities on its tribal land does not need a WEEL or WSR under this subpart.

§ 162.503 Is there a model WEEL or WSR lease?

There is no model WEEL or WSR lease because of the need for flexibility in negotiating and writing WEELs and WSR leases; however, we may:

(a) Provide other guidance, such as checklists and sample lease provisions, to assist in the lease negotiation process; and

(b) Assist the Indian landowners, upon their request, in developing appropriate lease provisions or in using tribal lease forms that conform to the requirements of this part.
